PATTERN

# Celebration

With ribbons spinning, the party has started. It's time to celebrate. No matter if it's a table runner or reconfigured for a lap quilt. Celebration is super quick to stitch. Who could ask for more?

Polygon Tool	Diamond
Polygon2 Tool	Pyramid
Block Size	10" x 11½"
Block Count	9

## Supplies

(10) 3" x 40" strips, assorted fabric  
½ yard for the setting pyramids  
½ yard for binding

## Instructions

1. Select (6) 3" x 40" strips, cut (2) diamonds using the Polygon Tool. Arrange diamonds per the sketch.
2. Stitch diamonds into pairs, this is seam 1. Repeat for the remainder of the diamonds. Make (6). Finger press seams to right.

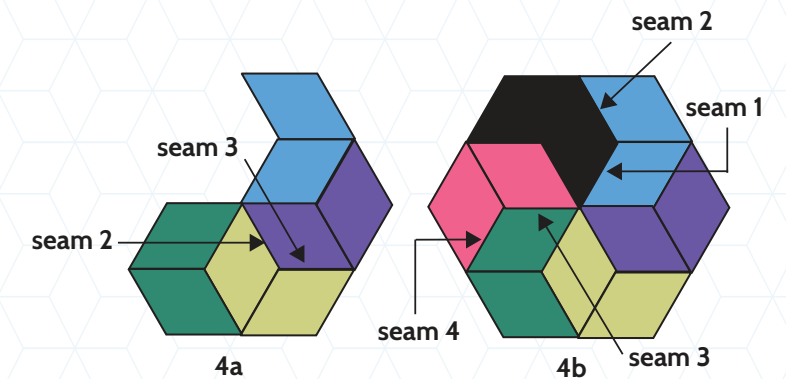

3. Stitch pairs together using a butterfly seam. Follow sketch numbers as a guide. Remember to move the seam allowance away from seam 2 if necessary before you begin to stitch. Make (3).

**Note:** The butterfly seam mantra is: seam one, seam two, unsew, wings together, pin, stitch last seam, unsew. Press.

4. Stitch the (3) segments together, again using a butterfly seam. Follow step 3 above to stitch segment 1 to segment 2. To stitch segment 3, follow stitching order on sketch 4a and 4b.

5. From the back of the block press center so that the seams rotate then press remaining seams from the front.
6. Repeat steps 1-5 to make (8) more Celebration blocks for a total of (9) blocks.
