

FINISHING

1. Layer backing, batting and quilt top. Baste layers together. Quilt, as you like. I hand quilted mine however an edge-to-edge or custom quilt design is also perfect.
2. Binding, cut (8) $2\frac{1}{2}$ " x 40" strips. Connect the (8) strips with a diagonal seam. Press seams open. Then fold and press in half lengthwise for a double fold binding. Bind to quilt edges.
3. Add sleeve and label. The Black Knight's block is the perfect label. Use a light fabric for one of the borders to write your name, name of the quilt and date. Or, use simple element from one of the blocks, such as a large QST or HST.
